Youth Groups

Our groups aim to engage, support and offer opportunities and pathways to social inclusion.

YOUTH GROUP

For people aged 12–17

Our focus is on having fun – think movies, ten pin bowling or ice skating. Your voice matters. You can help guide the activities and direction of the group. We are up for doing what's important to you.

18+ GROUP

For people aged 18–25

You'll often find us out in the community or going out for a casual dinner. We also provide workshops that aim to support you to get prepared for whatever your next steps are in life.

Something else?

IF THERE'S AN activity you're interested in doing that's already running in your community, but you're not sure how to make it work for you, we would love to help with that too.
